## Missouri Public Library Survey, 2016

This summary is in a new format, designed to be more user-friendly.

Public libraries in Missouri are required by statute 181.021 RSMO and US Congress (P.L. 103-382, Title IV, National Education Statistics Act of 1994, Sec. 404(a)) to submit annual data. This submission is required in order to be eligible for State Aid funding. The data received from the libraries is used by policy makers at the local, state, and national level.

Each library submits data based on their most recently completed fiscal year, which for 2016 ranged from January 1, 2015 to October 31, 2016. Only one of the 148 library districts did not report in 2016 (library was closed for repair). The data is publicly available at the Missouri State Library: Library Statistics webpage (<http://www.sos.mo.gov/library/development/statistics/default>) or by request from:

## Library Collection - Electronic Materials

For purposes of this survey, units are defined as "units of acquisition or purchase." The "unit" is determined by considering whether the item/title is restricted to a finite number of users, or has an unlimited number of simultaneous users.

Finite Use: Count of units is based on the number of usages acquired (equivalent to purchasing multiple copies of a single title). For example, if a library acquires a title with rights to a single user at a time, then that item is counted as 1 "unit;" if the library acquires rights to a single title for 10 simultaneous users, then that item is counted as 10 "units."

Unlimited Simultaneous Use: Count of units is based on the number of titles acquired. For example, if a library acquires a collection of 100 books with unlimited, simultaneous users, then this would be counted as 100 "units."

■ Access-Population Served (91.44%)  
■ No Access-Population Unserved (8.56%)

## Access to Tax-Supported Libraries

## 27.1 Million Visits

27.1 million visits to tax supported public libraries\*

26.6 million visits to MO State Parks, Cardinals, and Royals baseball combined

\* does not include 17.6 million virtual library visits

112 of 148 public library districts have received early literacy training to strengthen local programs, which help prepare children starting school.

182,850 children and teens attended summer reading programs in 2016 which helps to prevent the summer slide.

Libraries help businesses and workforce development through research support, skills training, exam proctoring, resume and job search assistance, and more.

## Libraries are cost-effective.

At a cost of only \$42.88 per capita for public library services, public libraries are a great return on investment!

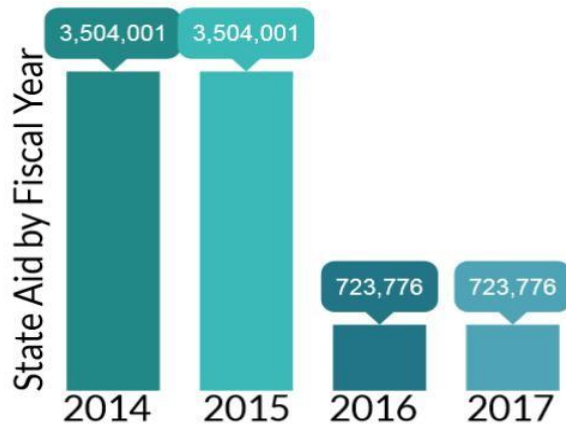

Library patrons used public computers 5,397,549 times in 2016 for employment, to file taxes, complete homework, conduct consumer and health research, and other activities.

# State Funding for Libraries

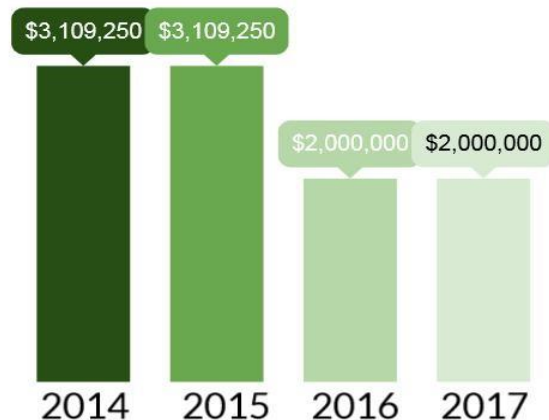

## State Aid to Public Libraries

The Missouri Constitution specifies that funds will be appropriated each year to support public libraries and these funds are used for books and other materials, programs, staff, and other costs. While \$2.7 million was appropriated in FY17, after restrictions only \$723,776 can be distributed.

## REAL Program (Remote Electronic Access for Libraries)

Internet access services are heavily used in public libraries. These funds support the costs paid by libraries for internet access and technical support through MOREnet. Funds also pay for online resources used by people in public libraries and by K-12 and college students and teachers. For FY17, \$750k of the \$2.75 million appropriation is currently restricted.

## Athletes and Entertainers Tax Fund

FY17: \$800,000

Public libraries use these funds to purchase books, eBooks, magazines, DVDs, audiobooks and other items to support learning and research by children, students and adults. \$210k of the \$1,010,000 was restricted from this fund.

**These state funds are used to meet match and maintenance of effort requirements for Missouri to receive federal funding through the Library Services and Technology Act.**

# Public Libraries Support

## Business and Workforce Development

There are 363 tax-supported public libraries in Missouri, compared to only 35 Missouri Career Centers. Missourians use their local public library to help with business and workforce development through:

- Reference services to help identify and navigate the wealth of available information
- Research resources to find ideas, business plans, market research and more
- Computers for online learning, test taking, job searches, resume writing, submitting job applications, etc.
- Basic and advanced computer and other workforce skills development classes
- National Career Readiness Certificate program support
- Test proctoring
- Meeting room space

Library resources needed to provide these services include:

- Library staff and training facilitators
- Computers with strong Internet connectivity\*
- Databases and other research tools
- Meeting room facilities

\*In some communities, the public library is the sole source of adequate, free broadband access.

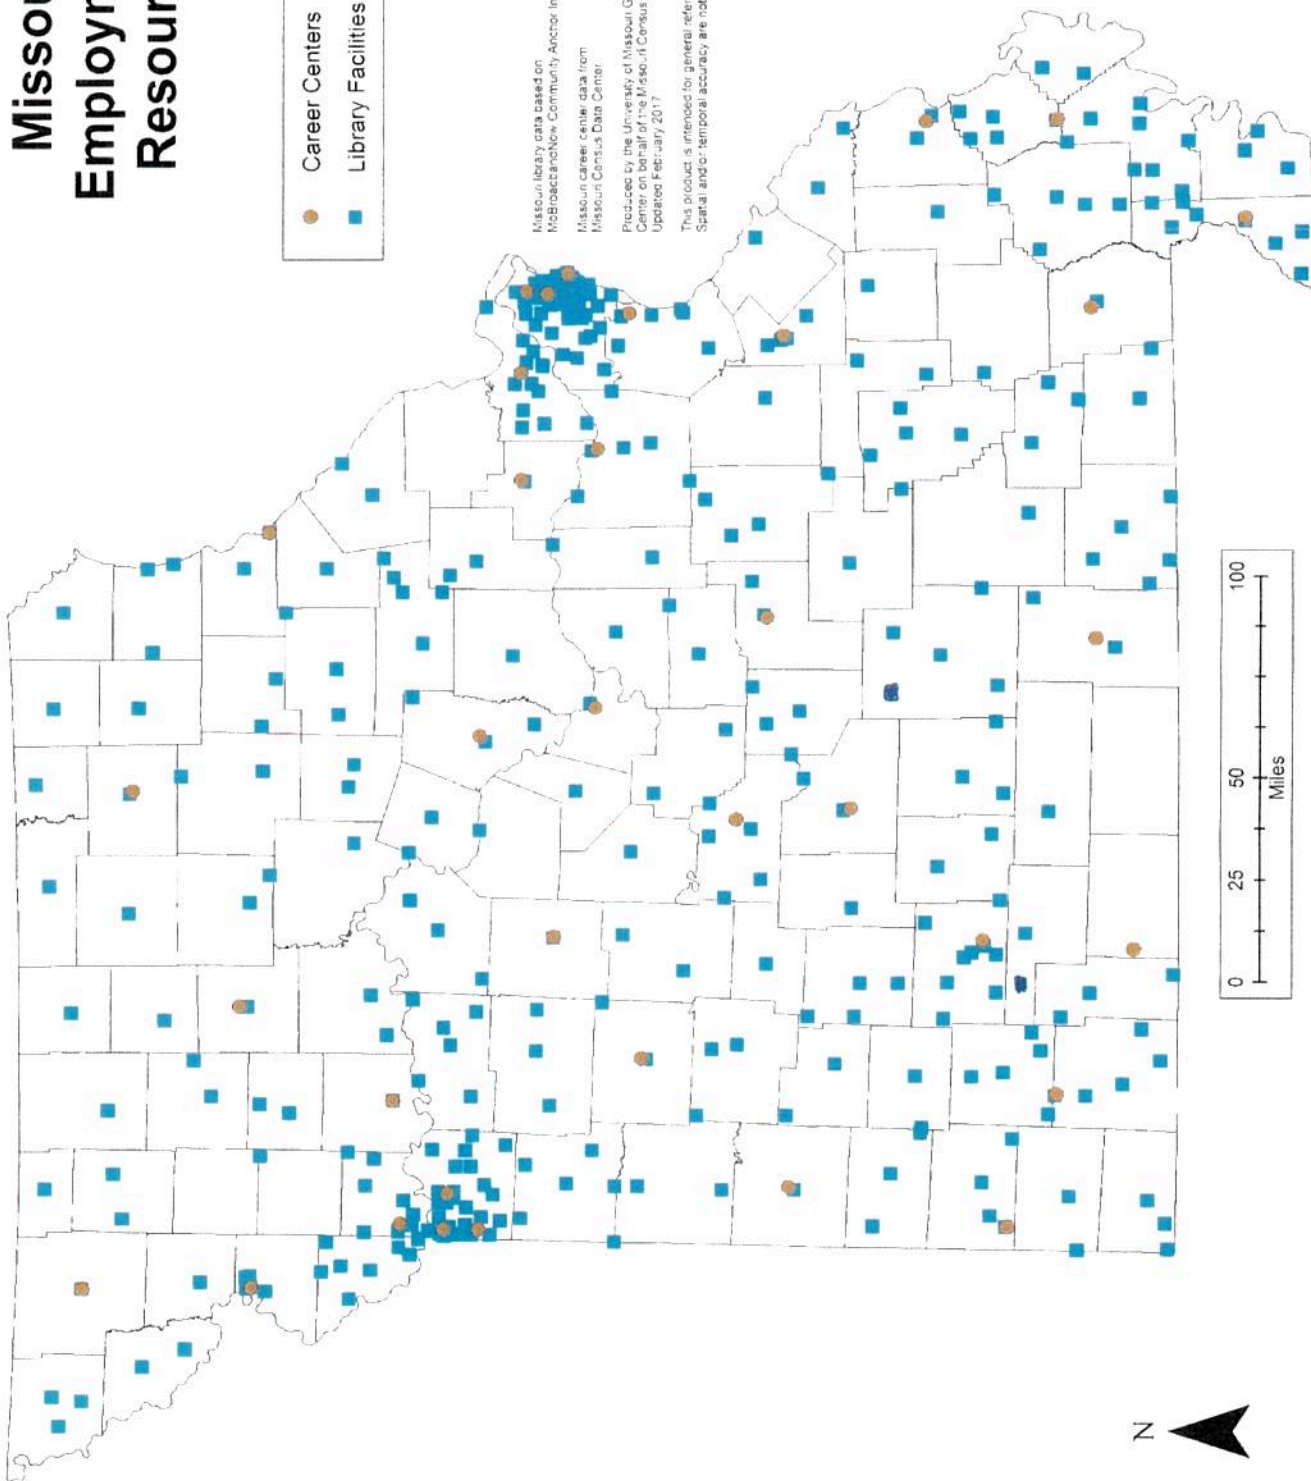

**At a cost of only \$42.88 per capita for public library services,
